

Youth Opportunity

Youth Environmental Stewardship (YES) Grant

The Young Environmental Stewards (YES) Grant Program was created to help Alberta's young environmental leaders turn their dreams for a cleaner, healthier future into a reality. YES grants provide up to \$5,000 to a single project undertaken by an individual or group of young people who are passionate about making Alberta a better place.

What do a new bicycle hub at the University of Alberta, waterwise gardening in Lethbridge and bio-diesel in Banff all have in common? These are just some of the project areas funded by the Youth Environmental Stewardship (YES) Grant.

For more information, contact the staff at Alberta Ecotrust or visit <http://www.albertaecotrust.com/grant/types/yes>. If you're 16 to 25 years old, put your best foot forward this year.
